## **eNASCAR Menu: Dover**

[TV/ Info](#) | [May 2](#) | [May 3](#)

Dover International Speedway is the oldest racing surface on any NASCAR National Series tour. The concrete track was last paved in 1995. It's a tire eater in the real world as well as the digital world. Tire management is key to a win today.

Retired NASCAR Xfinity Series driver Elliott Sadler will be making his eNASCAR debut tonight.

**What is Saturday Night Thunder?** It's the official eNASCAR division for anyone who isn't a NASCAR Cup Series regular.

Sunday's portion of this event filled up quickly as the virtual racing series took shape. As a result, NASCAR formed a second series for any NASCAR driver outside of the NCS. This is a field of real-world NASCAR Xfinity Series, NASCAR Truck Series, ARCA Menards Series and other divisions of the NASCAR ladder system.

More cars are entered than can start the race. Two heat races will serve as a B Main. The feature race will be 125 laps.

Donny Lia and Stephen Leicht set the front row for the main event. 125 laps of digital stock car racing are up next...
